¹Network level Out-of-Pocket includes deductible and coinsurance.

²Preventive services include evidence-based services that have a rating of "A" or "B" in the United States Preventive Services Task Force, routine immunizations and other screenings, as provided for in the Patient Protection and Affordable Care Act.

Deductible expenses incurred for services by a PPO Network provider will only apply to the PPO Network deductible. Deductible expenses incurred for services by a Non PPO Network provider will only apply to the Non PPO Network deductible.

The coinsurance for non-contracting institutional providers will be the same coinsurance percentage as the Non PPO Network provider. However, you may be subject to balance billing by the non-contracting provider.

The proposed course of treatment for organ/tissue transplants must be pre-determined and approved by a Medical Mutual case manager (except for corneal transplants.) Failure to contact the case manager prior to the proposed course of treatment (including the evaluation) will result in a significant monetary penalty. Refer to your certificate for details.

Benefits will be determined based on Medical Mutual's medical and administrative policies and procedures. This document is only a partial listing of benefits. This is not a contract of insurance. No person other than an officer of Medical Mutual may agree, orally or in writing, to change the benefits listed here. The contract or certificate will contain the complete listing of covered services. In certain instances, Medical Mutual's payment may not equal the percentage listed above. However, the covered person's coinsurance will always be based on the lesser of the provider's billed charges or Medical Mutual's negotiated rate with the provider.
